

Student Example

Once a student is logged in (See [Pathblazer Student Log In](#)), the student dashboard will appear.

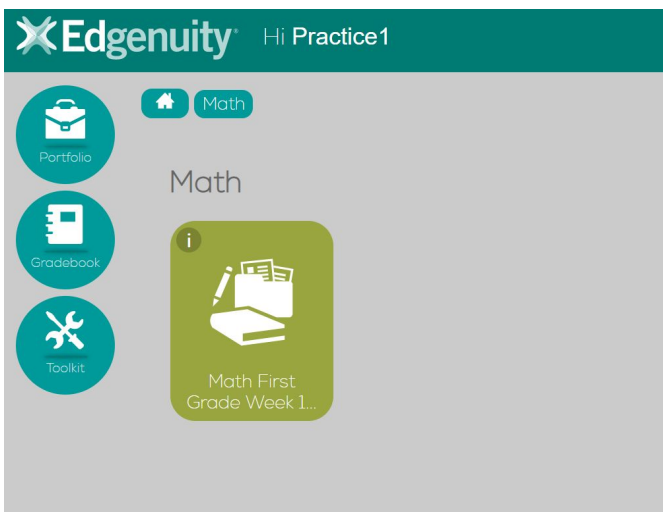

Students will click on either Pathblazer Reading, or Pathblazer Math to begin.

Once in Reading (Language Arts) or Math, assignments given by the teacher will appear.

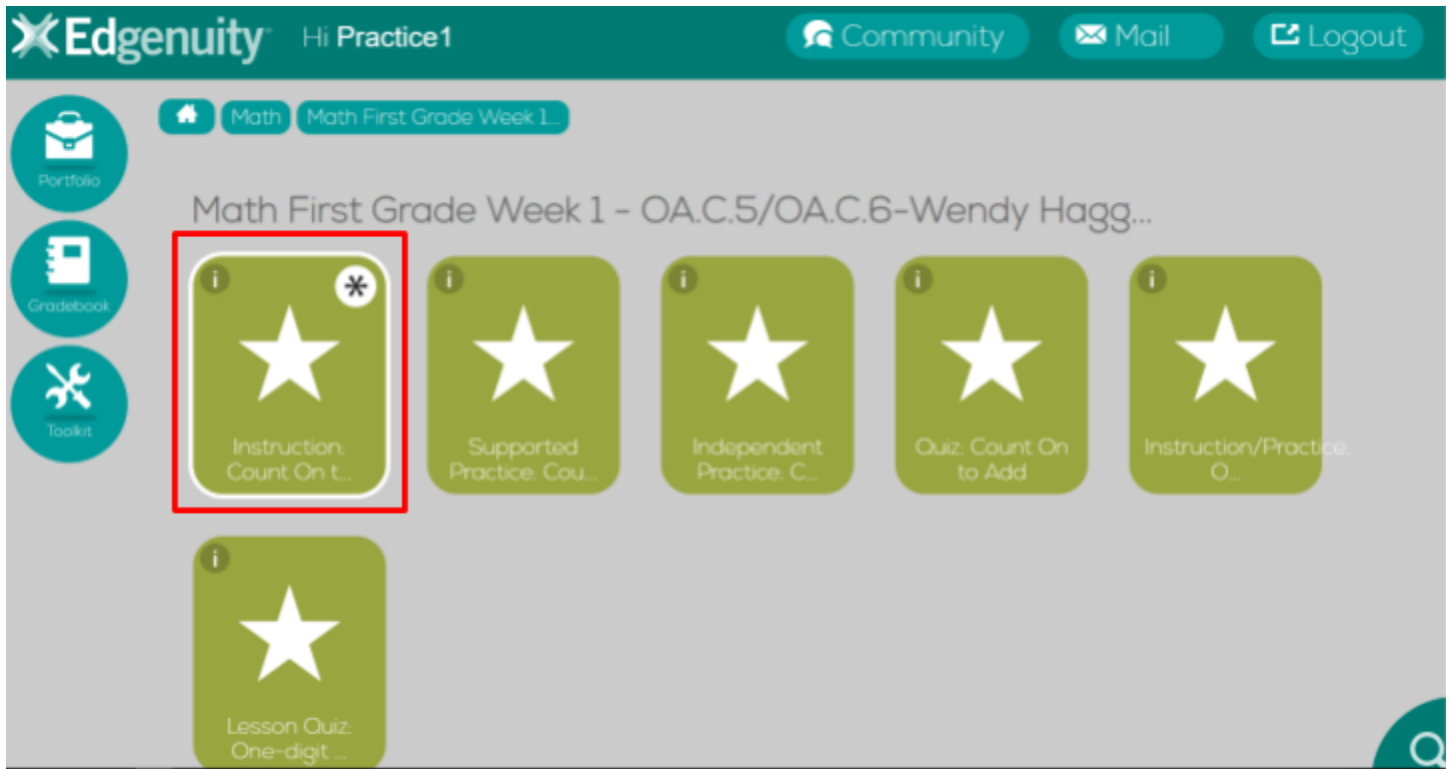

NOTE: All science, social studies, Quaver(music), and MyOn will be under the Pathblazer Reading Button.

Math Example:

Students will begin on the designated assignment and work through the lessons, always starting with the lesson with the “snowflake”.

EXAMPLE:

When the lesson opens up, students will see a blue “Go” button. Click that button and work through the lessons.

When a lesson is completed, students will click the Exit button and be taken back to the dashboard. The next lesson is ready (with the snowflake).

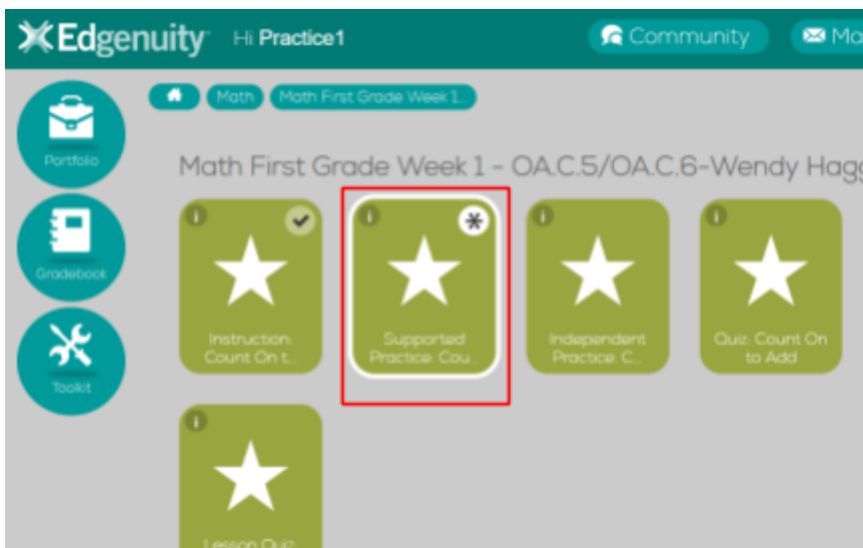

6 of 6

Instruction: Counting on to Add

Activity Code: M1013

DONE

DISCLAIMER: When the weekly assignment from the teacher is completed, Pathbalzer will automatically assign other content. These are not district assigned lessons. Students will not get credit for them. Teachers will assign the next weekly assignment before the next week starts.

Some lessons will have an outside link to click on.

EXAMPLE:

<https://www.thelearningodyssey.com/gatekeeper.aspx?INTERNAL=SESSION>

When you click on the hyperlink. You will be sent to a SAVVAS sign in page. On that page below the sign in box you will need to click on the box that says. SAVVAS Easy Bridge plus and audio. It will then direct you to type in your district Hobbs Municipal Schools, start typing in Hobbs Schools and you will see it pop up. Then click on the blue GO button.

It will then direct you to a Google Sign- In Page.

Sign in using your username and password.

Finish

-
- [Science 3rd Grade Week 7.docx](#)

Click the link, and log in to the site that comes up ([Student Log in Sheet](#))
Complete the assignment as directed.

The buttons on the side help to see student progress and grades. The Parent portal instructions can be found here: [Pathblazer Parent Log in.](#)

The Portfolio button shows:

- Recent Work
- Assignments
- Reports

The Gradebook button shows:

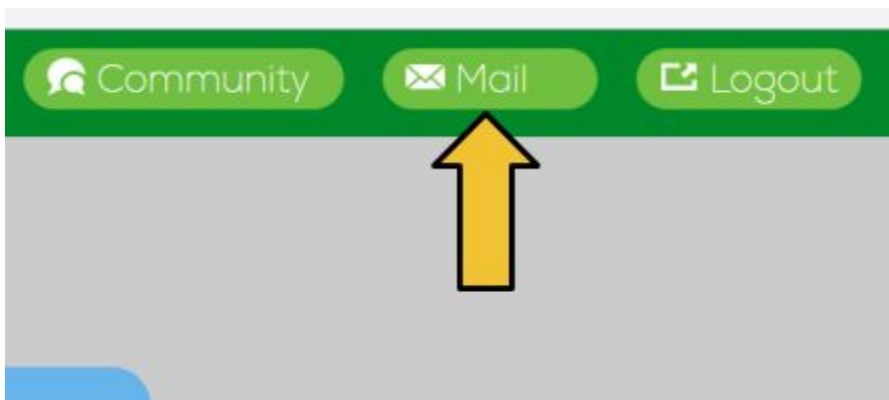

- Status of assignments
- Date completed
- Score (if applicable)
-

The ToolKit button shows:

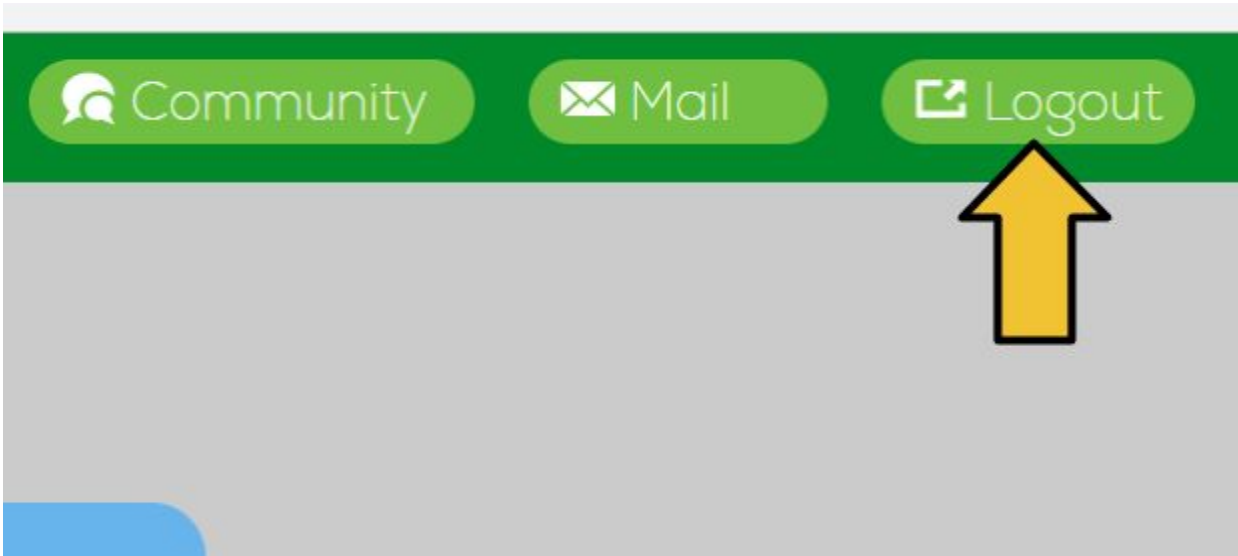

- Helpful tools that are available to use

Message Center/Email:

The mail button is where students will receive and send messages to their teacher.

When finished working, students must hit **Logout** to save progress. ***Failure to log out this way will result in losing progress.***

If you have any questions about using Pathblazer, please contact your teacher.
